DEAL GENTLY WITH THE ERRING!

We have just received a copy of the greatest home song ever published in this country. The privilege of publishing in America alone costs $2 000 in gold. It is a song that will reach the heart of every christian in the land. The melody is perfectly beautiful; can be played on piano or organ. We give our readers the first verse and chorus.

FIRST VERSE

Deal gently with the erring!
Ye know not of the power
With which the dark temptation came
In some unguarded hour.
Ye may not know how earnestly
They struggled, nor how well,
Until the hour of weakness came,
And sadly thus they fell.

CHORUS.

Forget not thou hast often sinned,
And sinful yet must be!
Deal gently with the erring one
As God hath dealt with thee.

Price 40 cents per copy; can be obtained by addressing the publisher, F. W. Helmick, 265 Sixth Avenue, New York.

Our readers will receive a copy by sending 20 cents in postage stamps.

TOWN COUNCIL

The Town Council met on Monday last Present—Mayor Donaldson in the chair; Councillors Smith, Stull, McLeod, Baker, Kerr and Stewart.

The minutes of last meeting were read and approved. As this was the last meeting of the old Council, no other business was done, the members adjourning and leaving their seats.

Mayor Stewart at once took his seat at the head of the Council board and called the newly elected members to order.

Present—Mayor Stewart, Councillors Stull, Davis, Knox, Kerr, McKay, and Baker.

The different committees for the year were struck, as follows, the first named being chairman:—

Finance Committee—Couns. Baker, Stull and McKay.

Fire, Water, Light and Police—Couns. Kerr, McKay and Baker.

Board of Works—Couns. Knox, Davis and Kerr.

Health and Relief—Couns. Davis, Stull and Knox.

The Council went into Committee of the whole on the selection of officials, and the following were appointed J. M. Coombe, clerk and treasurer; W. R. Gunn, solicitor; Peter Robertson, constable and license inspector; A.S. Stewart and Jas. Taylor, auditors.

The new form of assessment was discussed at considerable length, after which the discussion was adjourned in order to allow members time to study the matter more fully.

Mr. Justice McGuire, who was present, addressed the Council at considerable length on the subject of water supply, showing different methods of obtaining a cheaper and purer supply.

Mr. Betts has since written the Council stating that a boring machine can be procured at a small cost, and we hope to see the Council take hold of this matter at once.

The different committees meet on Friday evening previous to night of regular meeting, when all accounts are to be handed in.

The Council adjourned to Monday evening next.

Awarded highest honors—World's Fair.

ANNUAL SCHOOL MEETING.

To the Editor of the Times,

SIR,—I noticed in your last weeks issue a letter respecting annual school meetings signed "Justice" in which he says that the Catholic Schools did not comply with the School Ordinance, sir, up to a few days previous to the school meeting, I had the pleasure of speaking to a few gentlemen on the subject referred to, in which each one seemed to think differently which way to act as regards the school ordinance The public school board of school district No. 3 went so far as to consult a solicitor on the matter and from him got a long letter of explanation, as I understand but nothing to show that they were obliged to hold their meeting in the Council Chamber So, Mr Editor, we were not the only ones that did not understand the Ordinance, but if Mr. "Justice" had been around some time previous to the school meeting to explain the school ordinance to the above gentlemen referred to as well as to any of we would have certainly have complied with the laws laid down. So Mr. Editor, its an error; an error which we hope will not cause Mr. "Justice" to lose any sleep over it as in the future we will try and comply with the laws, as we understand then.

Thanking you, Mr Editor, for the space allowed me in your valuable paper,

I remain, yours truly,

H. LACROIX,

Chairman Separate School Board.

To the Editor of the Times

SIR,—"Justice" in your last paper raises an important question, particularly to country schools, and every one who takes an interest in education for the young of our country will watch closely the action of the Government in this case for liberal as the grant is every one knows how difficult it is to keep country schools going. In Prince Albert you have two first class public schools, but this is not considered enough by some of your citizens, so two separate schools are started with the result that a big slice of school money goes to people who have no moral right to get it, but the law allows it and so long as under it they can claim it, all others can do is to object to the system; but when they repudiate the law, under which the grant is made, and defy authority the public will naturally understand that they do not need the grant and certainly the circumstances mentioned by "Justice" offers no excuse for its continuance. But I am afraid that the knees of our government will not prove stronger than the those of other governments, and they will bend to the church or to put it plain, they will accept the insult if a few votes go with it.

Yours, etc.,

COUNTRY SCHOOL TRUSTEE.

PROVINCIAL AUTONOMY.

To the Editor of the Times,

SIR,—Some time ago, say a year or more, a large and most enthusiastic meeting of our citizens and others was held in Saskatchewan Hall for the purpose of discussing the question of changing our district into a province and enlarging its borders to take in Churchill and probably a few acres round the north pole, the latter place I expect to be used as a last resting place of our provincial cabinet members, being considered cool and refreshing.

We are aware the instigator of this move must have taken considerable time and labor in looking through the blue books and other epistles to secure sufficient figures and facts to make up the able address he so boldly poured into the spell bound audience. Hard, stubborn facts and a yard or more of figures were plainly set forth, showing the millions of money the Federal Government were reaping from the sale of our lands, timber dues, etc., and in return we were receiving comparatively nothing, and, further, how we could swap off our lands to some English syndicate for a fully equipped railway to Hudson's Bay. All this and more was properly threshed out. The upshots was "we must have the district changed into a province," and from the able speeches delivered by some of our leading business men it was vividly seen we had men who would make good, cheap, economical Premiers, Ministers of Railways and Canals, Ministers of Interior Timber Rangers, Land Agents, Boomb throwers, and all other such men required to run a full fledged provincial government. Committees were formed. Where are they? Have those committees missed the golden opportunity of having their names wafted down to posterity as having changed Saskatchewan from a district to a province, freed the people from the tyrannical rule of ? or are they holding secret meetings, in the mean time feeling their way so as to make their election sure, and spring the change so suddenly that Saskatchewan will be a province before we know it?

PRINCE ALBERT, JAN 19, 1894

The Empire says;—The air of general depression which seems to run through the comments on the Ontario agricultural statistics for 1891, as issued by the Bureau of Industries, is not warranted by the figures. The total property of Ontario farmers in 1892 is placed at $979,977,244 compared with $971,866,68 in 1891, and with $963,955,031 as the average value for the ten years 2882-1892. A gain of over $8,000,000 in one year is no sign of disaster. The report makes out that the gain is due to an increase of about $4,500,000 in value of farm buildings, of about half a million in farm implements, and $9,000,000 in live stock, while the value of the land is alleged to have declined about 6,500,000, leaving a net increase all around of $8,000,000, as before stated. Knowing the government which gives these figures and keeping in view the fact that there is a tendency to rate down the land as it is the basis of municipal taxation, there is no reason to be discouraged. In whatever part of their property the Ontario farmers have gained the fact remains that the report admits them to be $8,000,000 richer this year than last.

The farmers' wealth in live stock is well distributed. The horses were worth $58,812,920, the cattle $45,581,4 ; the sheep $8,569,577; and hogs $5,476,093. The total value of the live stock was $117,501,495 compared with $118,721,76 in 1891. No cause for pessimism here. The statistician should try and look a little more cheerful.

In dairying Ontario farmers are going away ahead. There were 856 cheese factories operated in 1892. There is an increase of 18 over 1891 and does not include private dairies. The cheese output shows an increase of 11,919,906 pounds; prices were 20 cents per 100 pounds better, the cash receipts for cheese exceed those of 1891 by $1,393,455. The making of creamery butter, and the starting of new creameries show good advances. Of 27 butter factories reporting, the output of butter was 67,000 pounds compared with 48,844 pounds in 1891. The number of winter creameries is increasing. Evidently the Ontario farmer who goes into dairying makes no mistake.

WHAT NEXT?

The Templar says:—Earnest, faithful prohibitionists are anxiously asking "What next?" With an emphatic unmistakeable "Yes" the electors of Ontario have answered Sir Oliver's question. The people desire prohibition. The country is ripe. Will prohibition come, or will there be another series of political gyrations that will stave off for another decade the square consideration of the practical question?

There is every evidence of shuffle, every evidence of the politician's inevitable game of procrastination. Not alone among the members of Parliament, but in our own ranks are men tuning their voices to the old song "wait."

If we listen to the siren sound, history will repeat itself, the moral effect of this magnificent victory will frittered away, and ten or fifteen years hence we will be busying ourselves with the preperation of a new petition for prohibition.

If we seize the opportunity, and without delay press our demands honestly, firmly and unfalteringly upon the powers that be, we shall promptly precipitate the issue, divide the country upon it, produce the necessary conditions for successful legislation and administration and install a government pledged to prohibition and able to give us the thing desired.

There are fifty-two men in prison in Chicago awaiting trial for murder. So long as the newspapers have these men to deal with there should be no dearth of exciting topics of conversation. How Mr. Stead's scheme of regeneration will work when it reaches these individuals it would be difficult to say.

There will be a great crash at Rio Janiero one of these days. The rival fleets are gathering there, and when all is ready the battle will begin. While it is in progress President Peixoto will have his hand baggage ready so that there will be no unnecessary delay in avoiding Mello should he fight his way ashore. There is a road running straight over the andes into Chili, and with a fair start the President might make Santiago. If captured the republican hatcher may live in Brazilian history, but that will be all there will be in it.

King Humbert of Italy is reported to have saved 600 million lire, which he has saved from the civil list and is now on deposit in London. In these days of anarchists and other unpleasantnes it is a wise king who plants away enough to retire upon when the throne is no longer a sinecure.

The Democrats in Congress protested against the McKinley bill because it excluded foreign wool. There are many Democrats now opposing the Wilson Bill because it makes wool free. What these gentlemen want the discussion so far has not disclosed.

Canada is not exactly dwelling in light attire to nullify the effect of the unseasonable heat, but when she reads how denizens of sunny southern climes are being benefited by a savage winter drear and cold, she gives a glow of thankfulness almost warm enough to start the early vegetation.

In Detroit there are thousands of persons out of work and in want. Across the river, in Windsor, there is comparative prosperity and no destitution to speak of. The contrast causes comment and it is generally admitted that Canada is all right.

An Austrian duke has invented a machine gun which discharges 450 shot a minute. All one has to do is to turn on the tap and the gun does the rest. For producing a cemetery effect on a landscape it is said this arm has no equal.

Provided the United States are in as bad shape as they seem, there should be no opposition to an income tax. When men have no income worth mentioning why should they rise in rebellion against a tax upon nothingness?

The latest outbreak reported in the south is that of Popocatepetl the Mexican volcano. With such a name that its movement has an additional terror.

GENERAL NEWS

At Montreal at the examination of candidates for admission to study law, among the applicants were the three young men, Mercier, Pelland and Demortigney, who some weeks ago attempted to dynamite the Nelson Monument. Several examiners strongly opposed allowing the young men to be examined and a long discussion ensued but it was finally agreed to allow the examination.

A. F. Gault, the cotton king, has presented $100,000 to the Montreal Theological college, to be devoted to training clergymen for the Church of England.

A farmer by the name of Wm. Robinson who lives some distance from Whitewater went out to do do his chores taking a girl eight years of age with him. When returning to the house he got lost in the storm, and wandered around for some time. When he found a house he was six miles from home, the child being frozen stiff in his arms.

At the regular meeting of the Victoria board of trade the committee on the establishment of life saving stations along the southwest coast of Vancouver island reported, making many suggestions. The committee suggests the employment of Indians who reside in the vicinity as well as establishing regular stations. It is thought the government steamer Quadra may be utilized. Thos Earle, M.P., requested that the Dominion parliament be furnished with information concerning what was most urgently needed.

Dr. McEachern has forwarded a report upon the Northwest ranches to the department of agriculture in which he states that horses and cattle on the ranches are wintering well; that extensive sales have been made by ranchmen and that the companies will continue in business if protected from encroachments on their holdings.

A heavy shock of earthquake was felt at Godbout, Que., on the morning of the 11th. The shock was also felt at Point Des Moines, and Pentecost at 4.10, and at Seven Islands and Moisie about 4.50. It was not felt east of Moisie.

The Pall Mall Gazette commenting on the Vaillant verdict says that it is significant of the flabbiness of the times that people should praise the jury's courage in rendering a verdict against Vaillant who confessed and boasted of his crime.

While no official action has so far been taken, on behalf of Canada, to secure the removal of the embargo on Canadian cattle a movement is on foot in Scotland to again bring the matter under the attention of the board of agriculture. The Dundee harbor trustees propose to take action with Glasgow, Aberdeen and other ports to urge the case upon President Gardner.

Mrs. Mary E. O'Fallon

of Piqua, O., says the Physicians are Astonished, and look at her like one

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon **terrible ulcers** broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost **like one raised from the dead.**"

HOOD'S PILLS should be in every family medicine chest. Once used, always preferred.

WASHINGTON LETTER

(From our Regular Correspondent.)

Washington, D. C., December 18—.

HAWAII.

Much chagrin is felt over the probable fiasco at Honolulu. The President after the Queen declined to accept the throne with amnesty to the Revolutionists and without guarantee of future armed support instructed Minister Willis to proceed no farther unless the Queen changed her mind and thereupon turned the matter over to Congress. But the Queen having no chances possibly of support from other quarters did change her mind and acceded to the President's conditions. Mr. Willis has accordingly announced, so it is believed, to the Revolutionary Government the wish of President Cleveland that it surrender, which of course it has not done. The little Island government thus defies the great Republic in the person of its executive and there is great excitement in Hawaii. Everybody feels that a cable connection with Honolulu would be useful these days. Meanwhile the Senate Committee investigates and the House filibusters over Hawaii.

NO QUORUM

Last week Boutelle of Maine insisted upon being heard in the Hawaiian matter and the Speaker and House refused. The Republicans sustained Boutelle and the Democrats could not muster a quorum on account of the dissatisfaction of some with the tariff bill and particularly with the income tax feature. A quorum was actually present in the House all the time but Speaker Crisp would not follow ex-Speaker Reed's example and count it.

TARIFF.

The outlook of the Wilson Bill is stormy. It cuts down the tariff below the revenue point and makes up the deficiency by an unpopular income Tax. The political reason appears to be the supposed necessity of taking wind out of the sails of the populists. They make the income tax the price of their support for the present. An income tax is theoretically admirable and quite popular with many who feel that the rich should be taxed proportionately with their wealth. It is argued, and by many Democrats, that as a matter of fact an income tax has been tried in this country and in England and that experience has demonstrated that its practical working is very unequal, unjust and unprofitable. The main objection is that it is inquisitorial. People resent an inquiry into their incomes and this resentment leads even men who are ordinarily honest to conceal and evade, while dishonest men do not hesitate to boldly shirk the tax by perjury. Such a tax is fully paid by only the strictly honest and conscientious. A considerable number of Democrats whose constituents will be hurt by the Wilson Bill are anxious to secure amendments. The Republicans say the whole bill is bad and that they will not help here and there a Democrat to amend it so that he can secure re-election while other constituencies get no relief and that if the tobacco men, the collar and cuff, the lumber and wool men and the rest of them, want Republican aid they must help to defeat the whole bill. This however they are not likely to do as they will each and all hope that the bill will be amended in the Senate to suit their particular case.

SUGAR VS INCOME TAX

The Democratic party formerly advocated a tariff on sugar, its theory being to impose duties upon articles which could not be produced here or could not be produced in quantity approximating the total home consumption. Logically they should now impose a duty on sugar unless it is held the country is able to produce its total supply. The most probable outcome of the matter is the defeat of the income tax, the abolition of the sugar bounty, and the imposition of a duty upon sugar and it will soon be a good time to lay in a year's supply.

CAPITAL.

Ask your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. Simply what Hood's Sarsaparilla does, that tells the story of its merit. One has been cured of indigestion or dyspepsia, another finds it indispensable for sick headache or biliousness, while others report remarkable cures of scrofula, catarrh, Rheumatism, salt rheum, etc.

There's many a Slip

Now that winter has come, many horses and cattle will be injured by slipping. A strain causes a lameness which if properly attended to from the start will soon be cured, but if left a hard substance often forms over a joint and a serious blemish results. Dick's Liniment should be applied as soon as any lameness is shown, while if a spavin, curb, or ringbone has already formed, it can be cured with Dick's Blister. Get Dick's, it costs 60 cents.

The best medical authorities say the proper way to treat catarrh is to take a constitutional remedy like Hood's Sarsaparilla.

Hood's Pills are purely vegetable.

The third Convention of the Northwest Territorial re-union of Christian Endeavor will be held at Moosomin March 25 and 26 next (Easter Sunday and Monday). It is expected that as far as possible every society will be represented. Delegates will be entertained by Moosomin friends. Special rates are being arranged for on the Canadian Pacific Railway. The officers are hard at work to make this the most interesting and successful Convention yet.

THE CANADIAN MAGAZINE FOR JANUARY

It would be difficult to find among the monthly periodicals a magazine at all vieing in interest to Canadians that successful national review, The Canadian Magazine." It is, while broadly cosmopolitan in subject matter, thoroughly national in aim and in attention to every part of the Dominion. The provincialism that naturally tends to become associated with a magazine published in any particular province is here conspicuously absent. Every province, from the Atlantic to the Pacific, is represented amongst the contributions, and throughout a high literary merit marks the articles, many of which are highly entertaining and all interesting. The January number is, like its predecessors, full of variety. "Howe and his Times," by Attorney-General Longley, gives many amusing incidents about Nova Scotia's public men of a generation ago. Chancellor Rand, of McMaster University publishes for the first time one of the most psychological experiences on record. Minnie Jean Nisbet has a charming, illustrated article on "Longfellow's Wayside Inn," full of reminiscences of former landlords, guests and servants. E Dowsley's "Plea for Ireland" charmingly describes Irish scenery and people, and gives beautiful illustrations of some of the Irish valleys. E. B. Biggar's "Two lost kingdoms," illustrated, tells of Cetywayo and the Prince Imperial. A well written and illustrated article is J. J Bell's "In Canada's National Park" Amongst other articles are "Vignettes from St Pilgrim's Isle" (illustrated), by A. H. Morrison; "Algonquin Park," by Judge Fraleck; "Celtic Monuments in troubadour land," by R.T. Mullin; "Common Telescopes and what they will show," by G E Lumsden; "Neglected and Friendless Children," by J. J. Kelso; "William Wilfrid Campbell," by Colin A. Scott; "The Story of a Digger," by D B. Read, Q C, and "Haldo House" (illustrated) C Gordon Rogers' excellent Christmas story, two other short stories and a number of poems, several of them above the average, are also given. "The Canadian Magazine," which should be in every cultured home in the Dominion, is published by the Ontario Publishing Co., Ltd., $2.50 per annum.

THE LAST BUFFALO HUNT.

Friends were we in days of old,
  Gabriel Dumont and I,
Swarthy of hue, but heart of gold;
  Gangs of the Bois Brulee.
Ready and we for the chase—
  Tighten girths, the rifles fill,—
Gleams the passion on each face.
  There's our game, beyond the hill.

Gabriel, whose coal black mare—
  King of buffalo hunters, he),
Eager sniffs the morning air—
  (Queen of buffalo runners, she),
Broad of chest and strong of limb,
  Voice as clear as bugle call,
Scars he bears of desperate fights,
  Conquered never in them all

Hachuh-muz-zuh, Teton Sioux,
  Comrade true to Gabriel;
Kin by blood to Sitting Bull,
  By his hand 'twas Custer fell—
Slowly takes the pipe apart—
  Softly doffs the blanket gay,
Mounts—a statue, he, of bronze,
  Signal waits to be away.

Slow the mighty herd comes on,
  O'er the prairie wandering wide;
Dams cares their tawny young,
  Feel they cannot; near them ride
Hunters merciless as cold;
  Instinct sounds no warning call,
For man's eager lust of gold
  Or mad pleasure must they fall.

Allez; How; Hurrah; we go,
  Yell of exultation rings,
Hoofbeats spurn the yielding sward,
  Swift as borne on eagle wings!
Quick the ready rifles speak,
  Speed the messengers of death;
Rush together then divide,
  The herd flees trembling out of breath

The chase is o'er; the twilight drops
  Where the mighty herd of morn?
Far awken there lives not one;
  In the gloom a few forlorn,
Wounded sore, a refuge seek
  To die,—deep the echoes thrill
With roar of rage and mortal pain,
  Death-struck, but defiant still.

Slowly back to camp we ride,
  Bright the fire of dried chips glows,
Sweet the meal that waits our time,
  Zest that tired hunter knows;
Then the pipe and frontier tale,
  Blackfoot raid and Sioux foray,
Until morning star grows faint,
  Heralding approaching day.

Hah-hun muz-zuh! His the fate,
  Meet for warrior bold and true,
On Batoche's grassy slopes
  Where the gatling bullets flew!
Gabriel, an outcast rover,
  Far from where Saskatchewan
Sweeps in broad majestic curves,
  To the realm of mist and sun.

How many persons know that Ripans Tabules, now so largely advertised and used, are simply the favorite prescription of their family doctor prepared in a scientific manner and a form convenient for handling, conveyance, preservation and use! In the great hospitals of the metropolitan cities where the wealthy find better care than in their own luxurious homes, the ingredients of Ripans Tabules are administered to thousands of rich and poor alike with beneficial effect. They are the main dependence of the most eminent physicians in cases of derangement of the digestive organs, such as dyspepsia, constipation, billiousness and other ills connected with the stomach, liver and bowels. For some years one of the principal hospitals in New York City has used a formula, differing slightly from the common one, that has been found of unusual efficacy. Through the commendations of physicians its mission of healing has been so widely and rapidly extending that it finally seemed desirable to prepare the prescriptions in a convenient form, so as to make it available to the whole public at a moderate price, and to announce the fact through the recognized medium for securing publicity—advertisements in the columns of the newspapers of the land. This has been done, and now the time is not far distant when every family of intelligence will be as certain to possess a supply of Ripans Tabules as a clock or a cooking stove. They are already to be found on sale almost everywhere, and any druggist or dealer will supply them. A box, containing six vials is sold for 75 cents, and a gross package, containing four boxes, for $2. They will be sent by mail, post paid, to any address on receipt of price, by the Ripans Chemical Company, No. 10 Spruce St., New York.

CURLING.

On Saturday last the first match of the season President vs. Vice-President—took place. There were three rinks on each side and though the ice was not in the best curling condition, a very enjoyable and enthusiastic game was played. Luck, however, was apparently against President Campbell, and when the game was finished Vice-President T. E. Baker's teams were found to be the winners by twenty two shots. The scores by rinks were:—

POPULAR EVERYWHERE.

Beginning with a small sale in a retail drug store, the business of Hood's Sarsaparilla has steadily increased until there is scarcely a village or hamlet in the United States where it is unknown.

To-day Hood's Sarsaparilla stands at the head in the medicine world, admired in prosperity and envied in merit by thousand's of would-be competitors. It has a larger sale than any other medicine before the American public, and probably greater than all other sarsaparillas and blood purifiers combined.

Such success proves merit.

If you are sick, is it not the medicine for you to try? Hood's Sarsaparilla cures.

Ripans Tabules.

Ripans Tabules are compounded from a prescription widely used by the best medical authorities and are presented in a form that is becoming the fashion everywhere.

Ripans Tabules act gently but promptly upon the liver, stomach and intestines; cure dyspepsia, habitual constipation, offensive breath and headache. One tabule taken at the first symptom of indigestion, biliousness, dizziness, distress after eating, or depression of spirits, will surely and quickly remove the whole difficulty.

Ripans Tabules may be obtained of nearest druggist.

Ripans Tabules are easy to take, quick to act, and save many a doctor's bill.

"SIX MONTHS IN HADES,"

a truly marvellous tale of to-day.

$1,000 PRIZE NOVEL IN GREAT SUMMER NUMBER (8) OF TALES FROM TOWN TOPICS. JUST OUT.

In addition to the prize story of 153 pages there are fifty racy short stories, sketches, poems and witticisms from the old issues of Town Topics, that famous and only New York journal known wherever English is read. No book published this year will afford such delicious entertainment for hours of summer leisure and travel.

What "*The Independent*" says:—"Once again New York's fashionable society quarterly volume, 'Tales from Town Topics,' has made its appearance. The tales are spicy and the topics inexhaustible. Some of the tales skirt along the very edge of danger, but a firm hand holds them back within the bounds of a whole some sense of propriety."

All news and book stands or send price, 50 cents, to TOWN TOPICS, 21 West 23d Street New York.

$2 pays three months' trial subscription to Town Topics and you will get any back number of Tales from Town Topics free.

Town Topics $4 per year.

Club offer: Town Topics and "Tales From Town Topics" will both be sent one year for $5.

Town Topics, the great 32 page weekly, is universally recognized as the most complete weekly journal in the world.

Its "Saunterings" columns are inimitable. Its society news, especially of the doings of the 400 of New York, Boston, Philadelphia, Chicago, and all over the world, is not equaled by any newspaper. Its Financial Department is authority with all bankers and brokers. Its "Afield and Afloat" makes it the most interesting paper for all lovers of sport—yachting, foot ball, rowing, shooting, fishing, etc. Its "On the Turf" excels all other racing news. Its burlesques, poems and jokes are the cleverest. Its stories are by the best writers among them Amelie Rives, F. Marion Crawford, Julian Hawthorne, Edgar Fawcett, Jerome K. Jerome, Gilbert Parker, Mary J. Hawker ("Lance Falconer"), Pain Paul [illegible]

COST SALE from

Goods at actual Cost from Wednesday, December 27, 1893, to January 20, 1894.

Having to raise $5,000 within that time, we have again to face you with

" Three bare-faced facts."

First. $5225 Stock of Boots, Shoes, Moccasins, Overshoes and Rubbers.

Second. $5775 Stock of Ready made clothing, Gents' Furnishings, etc.

Third. $1000 Stock of Mitts, Gloves and Hosiery.

To avoid an Assignment or Sheriff's Sale, I face you with these three facts, and I tell you calmly that there is no blowing or catch penny wind in the statement. It's the cold blooded, iron-rock truth. I have to unload, and the essence of my unloading in CASH! Yes, $5000 Cash must be raised in **thirty days.**

With the one alternative staring me in the face, I have settled down to the conviction that "grit will tell" and I am going to dispose of the goods, regardless of consequences.

From Wednesday, December 27, until January 20, 1894. I will throw at your doors clear grained bargains on a $12,000 stock.

NOTICE.—I am compelled to notify all parties whose accounts are long due that unless payment or settlement is made on or before January 12, 1894, costs will incurred without respect to persons.

S. McLEOD.

NOTICE.

All parties indebted to me are requested to call and settle their accounts on or before the 1st day of January, 1894 by note or otherwise. All accounts are closed on this 15th day of December for the year.

All accounts due since Jan. 1, 1893, will, if not settled at once be placed in our Solicitor's hands for collection. All parties are requested to govern themselves accordingly.

Thos. O. Davis.
